

VARTA

Overview VARTA products

Picture	Battery Type	Recycling content	recyclability	Contains dangerous substance	Repairability	Presence of precious metals	Presence of rare-earth elements
	Alkaline Batteries (made in Germany)	product containing at least 5% recycled content	predominantly recyclable product - systems for battery collection and recycling in place in all EU countries	No	Not applicable	Not applicable	Not applicable
<p>Other Alkaline round and prismatic Battery sizes</p> 	Alkaline Batteries (made in other countries)	0%	predominantly recyclable product - systems for battery collection and recycling in place in all EU countries	No	Not applicable	Not applicable	Not applicable
	Ultra Lithium Batteries 1.5V	0%	predominantly recyclable product - systems for battery collection and recycling in place in all EU countries	Contains substance of very high concern (SVHC): 1,2-dimethoxyethane (EGDME)	Not applicable	Not applicable	Not applicable

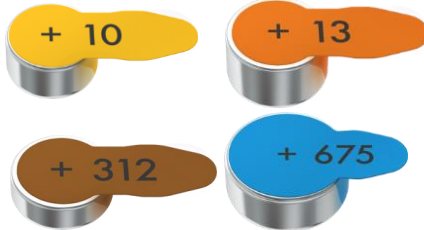

VARTA

	<p>Zinc carbon batteries / Zinc chloride special batteries</p>	<p>0 %</p>	<p>predominantly recyclable product - systems for battery collection and recycling in place in all EU countries</p>	<p>No</p>	<p>Not applicable</p>	<p>Not applicable</p>	<p>Not applicable</p>
	<p>NiMH Recharge Accu Power</p>	<p>0%</p>	<p>predominantly recyclable product - systems for battery collection and recycling in place in all EU countries</p>	<p>No</p>	<p>Not applicable</p>	<p>Not applicable</p>	<p>Not applicable</p>

VARTA

	<p>NiMH Recharge Accu Recycled</p>	<p>product containing at least 21% recycled content.</p>	<p>predominantly recyclable product - systems for battery collection and recycling in place in all EU countries</p>	<p>No</p>	<p>Not applicable</p>	<p>Not applicable</p>	<p>Not applicable</p>
	<p>Lithium Coin cells & Lithium Cylindrical batteries (3.0V)</p>	<p>0%</p>	<p>predominantly recyclable product - systems for battery collection and recycling in place in all EU countries</p>	<p>Contains substance of very high concern (SVHC): 1,2- dimethoxyethane (EGDME)</p>	<p>Not applicable</p>	<p>Not applicable</p>	<p>Not applicable</p>
	<p>Alkaline button cells & Alkaline Special batteries</p>	<p>0%</p>	<p>predominantly recyclable product - systems for battery collection and recycling in place in all EU countries</p>	<p>No</p>	<p>Not applicable</p>	<p>Not applicable</p>	<p>Not applicable</p>
	<p>Zinc Air hearing aid cells</p>	<p>0%</p>	<p>predominantly recyclable product - systems for battery collection and recycling in place in all EU countries</p>		<p>Not applicable</p>	<p>Not applicable</p>	<p>Not applicable</p>

VARTA

	Silver Coin cells	0%	predominantly recyclable product - systems for battery collection and recycling in place in all EU countries	No	Not applicable	Not applicable	Not applicable
	Power Banks	0%	predominantly recyclable product - systems for battery collection and recycling in place in all EU countries	No	Not applicable	Not applicable	Not applicable
	Flashlights	0%	predominantly recyclable product - systems for WEEE collection and recycling in place in all EU countries	No	No	Contains at least 1mg precious metals	Contains at least 1mg rare-earth elements
	Bulbs	0%	predominantly recyclable product - systems for WEEE collection and recycling in place in all EU countries	No	No	No	No

VARTA

	Chargers & Accessories	0%	predominantly recyclable product - systems for WEEE collection and recycling in place in all EU countries	No	No	Contains at least 1mg precious metals	Contains at least 1mg rare-earth elements
